Solar panel + led chip + charge controller + battery all in two box. High Lumen output up to 170lm/w with high-quality LED chips. Innovative split structural design, with good heat dissipation performance. ...

Our solar-powered LED luminaires are suitable for every project thanks to an intelligent, ambient light-dependent control of the ...

Anern 100W solar street light is an energy-efficient and eco-friendly lighting solution designed for outdoor use. This 100 watt solar street light harnesses solar energy through high-efficiency photovoltaic ...

Our vertically mounted cylindrical solar panels minimize dust accumulation, and our high-temperature lithium batteries ensure a minimum lifespan of 8-10 years, unlike competitors whose batteries may ...

Solar panel + led chip + charge controller + battery all in two box. High Lumen output up to 170lm/w with high-quality LED chips. Innovative split ...

High brightness will definitely increase visibility and reduce the risk of accidents in the public areas at night. LUXMAN S2 series all in one solar street lights are new revolutionary products combining solar ...

Our vertically mounted cylindrical solar panels minimize dust accumulation, and our high-temperature lithium batteries ensure a minimum lifespan of 8-10 years, unlike competitors ...

Compared to conventional solar street lights, our enlarged solar-powered outdoor street lights can effectively increase the brightness by 10-20%. Mainstream integrated structure design, saving ...
