Battery cabinets are engineered for an uninterrupted power backup source to support the continuous operation of your critical facility.

Arimon UPS backup battery cabinets offer breaker or fuse protection up to 800 Amps. UPS circuit breaker options include auxiliary contacts, undervoltage ...

If you are exploring battery energy storage solutions for your project or facility, contact our team today to learn how our advanced 10 MW systems can help you achieve greater efficiency, reliability, and ...

Housed in a tough enclosure, our solution provides reliable, lightweight, and compact energy storage for uninterruptible power supply (UPS) systems. Battery cabinets are designed to hold batteries used to ...

We carry a full line of factory-assembled cabinets designed for data center UPS backup systems with pure lead agm batteries.

Modern Battery Storage Cabinets offer modular configurations that allow data centers to expand energy capacity as demand grows. This scalability ensures long-term flexibility without major ...

Arimon UPS backup battery cabinets offer breaker or fuse protection up to 800 Amps. UPS circuit breaker options include auxiliary contacts, undervoltage release (UVR) and shunt trip circuit ...

The Vertiv(TM) EnergyCore Li5 and Li7 battery systems deliver high-density, lithium-ion energy storage designed for modern data centers. Purpose-built for critical ...
