Easy installation and easy operation, manage your energy distribution between renewables, AC grid, and battery. Our Aimbridge Energy DC Microgrid packages provide power system capacities ranging ...

The grid storage cabinet is equipped with an independent fire protection system to ensure the safety of the battery pack. Equipped with an uninterruptible power supply, the system can ensure ...

Looking to deploy an enterprise-grade ESS cabinet for commercial facilities, factories, EV charging, microgrids, or industrial parks? Wenergy provides fully integrated, outdoor-rated ESS cabinets using ...

Available in both 100kWh and 215kWh capacities, this modular system integrates power modules, batteries, cooling, fire protection, and environment monitoring in a compact outdoor cabinet.

Designed for demanding industrial applications, off-grid setups, and solar-powered infrastructures, it combines a 100kW hybrid inverter, 207kWh of scalable LiFePO4 batteries, and intelligent EMS in a ...

Flagship product: 500kW Hybrid solar inverter cabinet; parallel capability of up to 6 units for 3MW total output.

Perfect for factories, data centers, EV charging stations, and microgrids, this plug-and-play ESS cabinet provides peak shaving, backup power, and renewable energy optimization --all in a compact, easy ...

Designed for seamless integration into commercial microgrids, telecom stations, and distributed energy resources (DERs), this cabinet combines cutting-edge EMS logic with rugged mechanical ...
