Who makes outdoor Telecom cabinets?

Since 1989, we've manufactured outdoor telecom cabinets in America's Heartland, providing telecommunications companies, utilities, and network operators with BABA-compliant solutions that protect critical equipment from the harshest environmental conditions.

Why are outdoor cabinet solutions important?

Modern communication and data networks are not limited to indoor areas, but also require reliable and uninterrupted connections in outdoor environments. Outdoor cabinet solutions are critical for protecting network devices in these harsh conditions and ensuring their regular and safe operation.

How to choose an outdoor cabinet?

There are some important criteria to consider when choosing an outdoor cabinet: Material and Durability: The material of the cabinet should be selected according to the conditions of the environment in which it is located. Stainless steel, aluminum or special coatings ensure the longevity of the cabinet.

Discover how outdoor communication cabinets enable 5G with advanced cooling, modular designs, and eco-friendly materials for future-ready telecom networks.

GL has designed climate controlled outdoor cabinets that house sophisticated electronic equipment, such as computers and servers consisting of microprocessors, fiber optic devices, Ethernet routers ...
