Product features(Containerized Energy Storage System): Low energy consumption, long life, high consistency, high stability. Application scenarios: photovoltaic power plants, wind power stations, ...

Betu is a more high-end professional energy storage system and lithium battery expert, looking forward to becoming your strategic partner.

Our Battery Energy Storage System (BESS) can be operated under on-grid and Off-grid operation mode. The BESS system is controlled to cut off the grid ...

High-quality 5MWh energy storage systems, certified to international standards and trusted in 160+ countries. End-to-end service, from pre-sale consultation to after-sales support.

14+ years of expertise in designing and manufacturing reliable energy storage systems. High-quality 5MWh energy storage systems, certified to international standards and trusted in 160+ countries.

JNTech all-in-one solar storage system integrates an inverter and energy storage cabinet into a single unit, providing a compact and efficient solution for solar and microgrid systems.

With a compact footprint and high energy density, the DC cabin maximizes energy storage capacity while minimizing space requirements. Equipped with an intelligent energy management system, it ...

14+ years of expertise in designing and manufacturing reliable energy storage systems. High-quality 5MWh energy storage systems, certified to international standards and trusted in 160+ countries.
