What is a Arimon backup battery cabinet?

Arimon designs and manufactures custom uninterruptible power supply(UPS) backup battery cabinets,battery racks and accessories for the military and commercial OEMs serving applications including: Arimon uninterruptible power supply (UPS) backup battery cabinets are available for either front access batteries or top terminal (monobloc) batteries.

What size battery cabinet does Arimon offer?

Arimon offers several standard monobloc or top terminal battery cabinet sizes for 10 kVA to 125 kVAUPS systems accommodating monobloc batteries from 100 WPC (64 batteries) to 540 WPC (40 batteries) or can work with you on even larger custom battery cabinet solutions if needed.

Why do you need a UPS battery cabinet?

UPS battery cabinets also help balance power consumptionby providing stored energy during peak demand periods,reducing strain on both the UPS and the electrical grid. Together,a UPS and its connected battery cabinet form a reliable,high-performance power protection system for industrial and commercial applications.

What is a global power supply battery cabinet?

Global Power Supply provides a full range of battery cabinets engineered to extend UPS runtime,protect sensitive loads,and maintain continuity in any environment. A UPS system provides immediate backup power during an outage. Paired with compatible UPS battery cabinets,your facility gains extended power capacity and greater resilience.
