---

Double panelled, robust and sturdy aluminium extruded framework; Estap's newly designed outdoor enclosures provide maximum protection against environmental factors, vandalism, EMC and extreme ...

Looking for a versatile outdoor energy storage solution? Check out our 30 kW/90 ...

These cabinets are UV-resistant, aging, corrosion-resistant, acid and alkali resistant, wind-resistant, waterproof, and shock-resistant, with a more robust and durable structure.

Perfect for industrial equipment, electrical cabinets, and outdoor installations, our enclosures offer customizable solutions for renewable energy, telecommunications, and more.

The IP55 protection level ensures the cabinet can withstand dust and water ingress, making it suitable for various harsh outdoor environments. In China, it resists heavy dust and rain.

This air-cooling outdoor cabinet is now available on the market with a 30kW hybrid-coupled system, capable of both on-grid and off-grid operations. Additionally, H30 could be programmed to discharge ...

30-35kWh air-cooled energy storage integrated cabinet with IP55/IP66 protection rating and air conditioning temperature control for distributed industrial and commercial energy storage applications.

The outdoor photovoltaic energy cabinet can provide reliable housing for network servers, edge computers, professional equipment, monitoring systems, photovoltaic, and battery systems.
