Who makes lithium-ion battery packs?

Both provide battery pack assembly and testing. Our battery pack manufacturing centers in Xiamen and Shenzhen provide additional services and the production of lithium-ion battery packs and cells. With over 50 years of combined experience in lithium-ion battery technology, no project is too big for us to handle.

What industries do you supply lithium-ion battery packs?

Our core competency is in the large-scale manufacturing of small to medium format lithium-ion battery packs. Some industries we supply include home energy storage, electric vehicles, medicine, military, computing, power tools, robotics, sensors, and more.

Why do we supply bulk lithium-ion batteries?

Our strong network of partners enables us to supply bulk lithium-ion batteries with an internal emphasis on quality control and customer support. As a dependable lithium-ion battery supplier and battery pack manufacturer, we can deliver reliable energy storage solutions for any application.

This article highlights the top 10 battery manufacturers in Hungary in 2025, providing an overview of their backgrounds, products, and latest developments in Hungary, ...

Hungarian companies like NEXTRA Energy are mastering battery cell repurposing - turning old EV batteries into grid storage warriors. It's like teaching your grandma's rotary ...

Looking for reliable lithium battery pack equipment in Budapest? This guide explores key suppliers, technical considerations, and market trends to help businesses and individuals make informed ...

The company specializes in the design and manufacturing of lithium-ion battery packs and battery management systems specifically for renewable energy storage and electromobility applications.

As a global lithium battery manufacturer with deployments in 138+ countries, GSL ENERGY supports Hungary's fast-growing energy storage ecosystem with reliable, modular, and ...

Summary: Budapest has emerged as a key hub for lithium battery pack assembly, driven by growing demand in renewable energy and electric vehicles. This article explores the city's role in ...
