We are experts in the design and installation of solar panels, battery storage and electric car charging systems and have a proven track record for delivering green energy results for businesses looking ...

Standalone solar system provides a residential or a business owner with a reliable supply of power during the daytime that can be stored in battery banks or combined with existing diesel generators.

It is suitable for microgrid scenarios such as small-scale commercial and industrial energy storage, photovoltaic diesel storage, and photovoltaic storage and charging.

The system offers flexible configuration, compatibility with most EV brands, and is suitable for various industrial and commercial applications such as microgrids and solar storage.

50kW/100kWh outdoor cabinet ESS solution (KAC50DP-BC100DE) is designed for small to medium size of C& I energy storage and microgrid applications. Individual pricing for large scale projects and ...

At Nastech, we are the leading solar products distributor in Dubai, UAE and Istanbul, Turkey, and we offer a wide range of high-quality solar battery and ...

Delivers 100 kW rated AC power and 232 kWh battery capacity for industrial and commercial energy needs. Designed with IP55 protection, transformer isolation, ...

This integrated solar battery storage cabinet is engineered for robust performance, with system configurations readily scalable to meet demands such as a 100kwh battery storage requirement.
