What types of battery cabinets and electronics enclosures does Aze offer?

AZE offers a wide variety of large outdoor battery cabinets and electronics enclosures for emergency backup UPS and solar storage applications. Our NEMA 3R Design Battery & Control Enclosures feature white polyester powder-coated aluminum, swing out door or chest style, filtered vents and an optional NEMA 4 design separate electronics enclosure.

What is outdoor Battery Cabinet enclosure?

Outdoor battery cabinet enclosure is designed for keeping a stable temperature inside cabinet so as to increase service life and stability of battery and equipment. It provides a secure thermally managed environment for backup battery systems for telecommunications and cable applications.

What types of outdoor battery enclosures are available?

AZE's heavy duty outdoor battery enclosures and Lithium battery storage system are available in NEMA 3R, or 4X configurations. These outdoor battery enclosures, which come in all shapes and sizes, are designed to withstand extreme elements, climates and environments.

What is a high protection class battery cabinet?

A high protection class battery cabinet that can be applied as standalone or extension of outdoor power system. The system integrates temperature control and ventilation system, heater (option) and reserved space for batteries. The high protection class cabinet and temperature control ensure reliable operation under severe outdoor conditions.
