Imagine a French energy storage outdoor power cabinet as the Swiss Army knife of renewable energy systems - compact, weatherproof, and ready to tackle France's ambitious 2030 renewable targets.

If indoor installation isn't possible, we offer flexible alternatives: outdoor cabinets for compact, all-in-one systems or fully preconfigured, ready-to-connect container solutions in various sizes to suit your project.

The core components of these systems include PCS, lithium-ion batteries and energy management systems. These "turnkey" ESS ...

Pre-configured solution for energy storage containers with high-efficiency cooling technology to help reduce your carbon footprint. The flexible modular concept ...

Discover our high-efficiency, modular battery systems with zero capacity loss and rapid multi-cabinet response. Ideal for industrial, commercial, and emergency applications, our solutions offer remote ...

Our rack-type enclosure design not only conforms to common usage habits, but also emphasises the advantages of modular design to adapt to the diverse application requirements of energy storage ...

Discover our high-efficiency, modular battery systems with zero capacity loss and rapid multi-cabinet response. Ideal for industrial, commercial, and emergency applications, our solutions ...

Productized and scalable energy storage supplied as skidded grid connection equipment and fully integrated batteries.
