Who makes EPC power?

EPC Power is proudly powered by Americaningenuity. Our power conversion systems are designed,engineered,and manufactured in the USA using high-quality components. Since our founding in 2010,we have quickly become the premier manufacturer of utility-scale power inverters in North America.

What is an EPC power conversion system?

Engineered for superior adaptability, EPC Power Conversion Systems feature high-power density, multi-port connectivity, enclosures up to IP55, and 50 Hz / 60 Hz frequency compatibility. The M inverter is a powerful solution for data centers, addressing the growing demand for reliable and efficient power solutions.

How many mw can a DPA 500 Cabinet run?

Cabinets can operate in a parallel configuration to build a system of up to 3 MW(horizontal scalability). The advanced UPS design of DPA 500 provides the highest degree of protection in critical applications where the load must be fed with quality power.

Why should you choose EPC power?

EPC Power provides your operation with adaptable PCS solutions. Engineered for space efficiency and seamless integration,our IP55-rated systems provide reliable performance in any application and fuel the world's largest renewable energy projects. Our inverters provide reliable,high-power output and advanced grid interaction for data centers.

ZIV&#180;s wide experience and extense product range for networking, power line carrier & teleprotection applications, enable easy adaptation to power utility requirements.

This powerful inverter, with 500 kW capacity, is ideal for medium- to large-scale applications. The space-saving design and user-friendly features of the Power Drawer series simplifies installation and ...

As an EPC general contractor, we incorporate hydrogen technology into our projects. The focus of our projects is on industry, municipal companies, grid operator and infrastructure.

We construct control cabinets, power distribution cabinets and feeder cabinets according to our designs or external specifications. Compliance with common ...
