What are outdoor Telecom cabinets?

Our outdoor telecom cabinets are designed to protect your sensitive network equipment from harsh environments where equipment may be exposed to dust or water. For added protection, there is a water and dust proof polyurethane door joint strip.

What is a telecom cabinet?

Telecom cabinets are essential in telecommunications networks, mobile operators, internet service providers, and various communication infrastructures. Particularly suitable for outdoor installations, these cabinets are vital for base stations, fiber optic networks, and remote access devices.

Are Canovate Telecom cabinets good for outdoor use?

Outdoor Suitability: Telecommunications equipment is often installed outdoors, necessitating cabinets that can endure challenging weather. Canovate's outdoor telecom cabinets offer full protection against water, dust, humidity, and extreme temperatures, ensuring reliable operation under all conditions.

Can telecommunications equipment be terminated outdoors?

One of the biggest challenges of terminating your telecommunications equipment outdoors is finding outdoor enclosures that will be able to properly withstand the elements. Temperature, moisture, ice, shock hazards, and UV damage are all potential dangers to consider before purchasing an outdoor enclosure or cabinet.
