What is Indonesia's first & largest containerized battery energy storage system?

Indonesia's First & Largest Containerized Battery Energy Storage System. Off-grid solar energy system at PT Cipta Kridatama equipped with CBESS. The CBESS solar energy system at PT Cipta Kridatama Jambi operates off-grid, making it a reliable, self-sustaining energy source without dependence on the national electricity grid.

Will Indonesia build a battery energy storage system by 2022?

The agreement was made with other state-owned bodies, such as the Indonesian Battery Corporation, to build the Battery Energy Storage System by 2022. However, no information has yet been revealed about the Battery Energy Storage System's location or specific functions.

Why do Indonesians need solar power?

More than 10 million Indonesians live in off-grid or underserved regions, especially in Eastern Indonesia and smaller islands. Many areas rely on diesel gensets that are costly, polluting, and subject to fuel supply interruptions. Indonesia receives 4.5-6.5 kWh/m²/day of solar irradiance--ideal for solar +battery solutions.

How much solar irradiance does Indonesia receive a day?

Indonesia receives 4.5-6.5 kWh/m²/day of solar irradiance--ideal for solar +battery solutions. Store excess solar energy during the day and use it during night or outages--supporting energy independence and clean development.

GSL ENERGY has successfully deployed solar battery storage systems across various regions in Indonesia--from large-scale grid support to remote island electrification.

Jambi, February 18, 2025 - PT Cipta Kridatama (CK), a subsidiary of PT ABM Investama Tbk (ABMM), in collaboration with SUN Energy, has inaugurated Indonesia's first and largest ...

Jambi, February 18, 2025 - PT Cipta Kridatama (CK), a subsidiary of PT ABM Investama Tbk (ABMM), in collaboration with SUN Energy, has ...

PT Cipta Kridatama (CK), a subsidiary of PT ABM Investama, has partnered with SUN Energy to launch Indonesia's first and largest Containerized Battery Energy Storage System ...

Indonesia s simple solar energy storage cabinet system
