What is an IP65 rated enclosure?

IP65 rated enclosures provide basic protection in harsh environments. Bud offers a broad line of IP65 rated enclosures in materials ranging from plastic to fabricated steel. Enclosures with the IP65 rating are suitable for outdoor use and for indoor applications where factory washdown may occur.

Are Bud enclosures IP65 rated?

Bud offers a broad line of IP65 rated enclosures in materials ranging from plastic to fabricated steel. Enclosures with the IP65 rating are suitable for outdoor use and for indoor applications where factory washdown may occur. (Plastic IP65 enclosures must be UV rated if used outdoors.)

Are sn boxes IP65 rated?

The SN Series is a good example of a sheet-metal box that meets the IP65 rating. Fabricated of 14 gauge steel, an SN enclosure is both strong and environmentally sealed. The vast majority of our IP65 rated enclosures are covered by our 5-Day Modification Program, the fastest turnaround in the industry.

What does a 6 & 5 IP65 enclosure mean?

In the case of IP65, the 6 means that the enclosure will experience no ingress of dust, and the 5 means moderate protection against low-pressure water jets. (A limited amount of water ingress is permitted.) Corrosion resistance and UV protection are not covered by the standard. Read more in our blog post, [Your IP65 Enclosure Questions Answered](#).
