Which energy storage solutions provider has commissioned BSES Rajdhani kilokari substation?

AmpereHour Energy, a full-stack energy storage solutions provider, in consortium with Indigrid, has commissioned BSES Rajdhani Power Ltd's (BRPL) 20 MW/40 MWh battery energy storage system (BESS) project at the BSES Rajdhani Kilokari Substation in Delhi.

Where is India's first commercial-scale battery energy storage system located?

Delhi's Power Minister Ashish Sood on Thursday inaugurated India's first commercially approved and South Asia's largest standalone utility-scale Battery Energy Storage System (BESS), developed by BSES Rajdhani Power Limited at the 33 kV Kilokri Substation in New Delhi.

What is India's 'first commercially approved' energy storage system?

The system is also India's 'first commercially approved' utility-scale energy storage system that will ensure improved power supply in different south Delhi areas, covering a population of over one lakh people, according to a statement from power discom BRPL (BSES Rajdhani Power Limited).

Is BSES India's first utility-scale battery energy storage system?

BSES, the power distribution company supplying electricity to nearly two-thirds of Delhi through its two subsidiaries, has initiated the development of India's first utility-scale standalone Battery Energy Storage System (BESS), touted to be the largest in South Asia.
