As a professional manufacturer in China, produces both energy storage cabinets and battery cell in-house, ensuring full quality control across the entire production process.

The Base Station Energy Cabinet is a fully enclosed, weather-resistant telecom energy cabinet designed to provide reliable power distribution and battery backup for outdoor communication networks.

Our outdoor integrated energy storage cabinets are available in air-cooled and liquid-cooled configurations, designed for reliable performance in harsh environments.

We aim to manufacture and provide reliable and innovative solar panels and solar energy solutions to the world. To better ensure the safety of your goods, a professional, environmentally friendly, ...

It adopts door-mounted embedded integrated air conditioning, which does not occupy cabinet space, improves the available space of outdoor cabinets, has better structural integrity at the top, and has ...

This integrated solar battery storage cabinet is engineered for robust performance, with system configurations readily scalable to meet demands such as a 100kwh battery storage requirement.

As the leading vertically integrated manufacturer of lithium iron phosphate battery systems, GSL ENERGY has provided various battery solutions for nearly all kinds of ESS applications.

It is suitable for microgrid scenarios such as small-scale commercial and industrial energy storage, photovoltaic diesel storage, and photovoltaic storage and charging.
