Where can I find information about solar energy in Portugal?

| +351 926 250 355 | info@voltaicos.pt Portugal Resident is your online source for news and articles in Portugal. Living in sunny Portugal is a dream for many, and it's also an ideal place to take advantage of solar energy.

Why is Portugal a good place to invest in solar energy?

In a time of energy price hikes, supply concerns and with Portugal boasting some of the highest levels of sunlight hours in Europe- it's the perfect location to harness the power of solar & thermal energy for your home. We also supply solutions for underfloor heating, domestic hot water, and central heating.

Should I add a backup battery to my solar system?

Having a reliable backup system ensures peace of mind and continuous power when it matters most. Adding a battery with backup to your solar system won't just save you money. It gives you independence, peace of mind during outages, and the comfort of knowing your home stays powered, even on cloudy or rainy days.

Does Portugal support self-consumption?

Portugal supports self-consumption, but of course you are free to sell your electricity on an electricity exchange. We will also advise and help you here. Solar energy is the future. Come and join the energy transition ... for a better and cleaner world. Ready to harness the power of the sun?
