What size data cabinets do I Need?

550mm deep wall mounted data cabinets provide extra space for deeper rackmount equipment. These data cabinets are lightweight and versatile to suit almost any installation where a wall mounted data rack is required. Our 600mm range boasts an increased rack depth, making them ideal for mounting larger equipment.

What types of data cabinets are available?

The cabinets are available in various configurations. 550mm deep wall mounted data cabinets provide extra space for deeper rackmount equipment. These data cabinets are lightweight and versatile to suit almost any installation where a wall mounted data rack is required.
