What is a powder coated steel IP65 cabinet?

The Powder-Coated Steel IP65 Cabinet is a rugged and economical solution for housing electrical components in both indoor and outdoor environments.

What is an IP65 rated enclosure?

IP65 rated enclosures provide indoor and outdoor protection for waterproof applications. Tested to IP65 standards ensures enclosures and cases are safe for housing sensitive electronic assemblies in harsh environments. IP65 rated boxes are available in plastic, aluminum and steel varieties.

What are the different types of IP65 rated boxes?

IP65 rated boxes are available in plastic, aluminum and steel varieties. With a wide range of sizes and styles to choose from it's easy to find the perfect IP65 junction box or enclosure solution. IP65 enclosures are extremely versatile due to their ability to withstand dirt, dust, debris and low-pressure water jets.

What is an IP65 certificate?

IP65 Certificate (Click to View) What Are IP-Rated Enclosures? IP (Ingress Protection) ratings are defined by the international standard IEC 60529 to specify how well an enclosure protects against the intrusion of solid particles (like dust) and liquids (like water). Each rating consists of two digits:
