Why should you choose a container energy storage system?

Housed in durable shipping containers,our systems are engineered to meet the growing demand for renewable integration,backup power,and off-grid energy supply. Why Choose a Container Energy Storage System? All-in-One Power Solution- Integrated battery storage,inverter systems,and control units in one secure container.

Why should you choose Powerplus cabinets?

There are enclosures to suit outdoor or indoor installations. Strong steel cabinets with a high quality powder coating finish promote durability and security whilst being well-suited to protected environments like garages,sheds and other enclosed spaces. Like to choose Australian made? Rely on PowerPlus cabinets to protect your next system.

What are pre-wired cabinets?

Our pre-wired cabinets minimise the time required to install batteries and inverter equipment on-site. Ranging from small battery enclosures to cabinets, including gear trays you can pre-build and test in the workshop, simplifying site installation. Suitable for protected environments, our Rack cabinets make the most of the available floor space.

Available in either a 10ft, 20ft or 40ft ISO CSC container, the BESS is designed to be cost-effective, safe, easy to transport, scalable and integrated to the specific energy requirements of our clients. The ...
