In-house IoT EMS hardware and software provide cost-effective solutions for managing distributed energy resources. Scalable from single asset control to complex microgrid and utility environments.

Wenergy provides fully integrated, outdoor-rated ESS cabinets using LiFePO<sub>4</sub> technology with modular design and robust safety architecture. Our solutions are engineered for long-term operation, scalable ...

Product Features: Standardized structure design, menu-type function configuration, photovoltaic charging module, a parallel off-grid switching module, power frequency transformer, and other ...

AZE's heavy duty outdoor battery enclosures and Lithium battery storage system are available in NEMA 3R, or 4X configurations. These outdoor battery enclosures, which come in all shapes and sizes, are ...

Technical Specifications Solutions Our Cases HyperCube Liquid-cooling Outdoor Cabinet Intrinsically Safe Smart and Efficient Flexible Deployment Easy Maintenance IP67-rated battery pack, pack-level ...

Our battery storage cabinets are constructed with a modular design, providing optimal flexibility for businesses across various sectors. Our power storage ...

The AGV flexible logistics system is used to achieve automatic assembly process of energy storage cabinets, rapidly improving product production efficiency and ...

The AGV flexible logistics system is used to achieve automatic assembly process of energy storage cabinets, rapidly improving product production efficiency and stability.
