How do I reinstall my solar panels?

Note: You are responsible for providing a safe location to store your solar panels while they are removed from your roof. After your roof work is complete, submit the reinstallation request from the Tesla app to begin the reinstallation of your solar panels. Tap 'Support' at the bottom of your energy system home screen.

What is the difference between removal and reinstalling solar panels?

Removal is the process of temporarily removing solar panels or the entire system from your home. Reinstallation is the process of reinstalling solar panels after reroofing, remodeling or relocation.

Does insurance cover solar panel removal & reinstallation?

Insurance coverage for solar panel removal and reinstallation may vary depending on your specific policy and circumstances. In some cases, insurance policies may cover the costs if the removal and reinstallation are necessary due to covered events, such as roof damage or repairs.

How do I get my solar panels removed from my roof?

In the Tesla app, tap 'Support' at the bottom of your energy system home screen. Select 'System Removal' to schedule a service visit. While we aim to provide convenient scheduling, removal timelines may vary based on crew bandwidth and availability. Removal process begins. We begin the removal of your solar panels from your roof.
