Are battery cabinets NEMA & IP rated?

It is important to note that the NEMA and IP rating varies depending on where you will install the enclosure. A range of outdoor energy storage battery cabinets and outdoor lithium battery cabinets are available in standard and custom configurations, can be pole-mounted or ground-mounted .

Why should you choose CATL & socomec battery cabinets?

The battery cabinets are delivered fully assembled, and include made-to measure cable kits for DC, communication and auxiliary power connections. Thanks to a co-design between CATL and Socomec, you can be assured of compatibility between products, and that the complete system has been validated and certified.

What is a battery energy storage system?

A BESS is a type of energy storage system that can be used to store excess energy from renewable sources. Battery Energy Storage Systems (BESS) are an essential part of renewable energy solutions, allowing for the storage and distribution of electricity generated from sources like solar and wind power.
