How do I redeem the US energy storage monitor yearly subscription?

To redeem the yearly subscription, please contact Wood Mackenzie. The US Energy Storage Monitor is offered quarterly in two versions - the executive summary and the full report. The executive summary is complimentary to member companies and provides a bird's eye view of the U.S. energy storage market and the trends shaping it.

Where can I find energy storage industry data?

It is available individually each quarter or as part of an annual subscription. The quarterly reports from ACP and Wood Mackenzie are routinely cited by hundreds of media outlets as the authoritative source of energy storage industry data.

What percentage of installed storage capacity is net billing tariff?

Only 9% of installed storage capacity were Net Billing Tariff projects. Storage installations will grow just under 30% in 2024, but between 2025 and 2028 an annual average growth rate of 10% is expected as early-stage development constraints continue.

How has the IRA impacted the energy storage industry?

The energy storage industry has continued to progress over the course of 2024 and into 2025, buoyed in significant part by the federal income tax benefits in the form of tax credits enacted under the IRA. Energy storage was one of the major beneficiaries of the IRA's new rules on both the deployment and manufacturing sides.
