Energy Storage Cabinet MEGATRON 1500V 373kWh liquid-cooled energy storage battery cabinets are an integrated high energy density, long lasting, battery energy storage system.

With advanced BMS intelligence for precise State of Charge (SoC) and State of Health (SoH) tracking, these battery cabinets simplify installation, reduce maintenance, and optimize runtime.

It offers seamless integration with various mainstream battery brands and technologies, providing flexibility and reliability. Ideal for projects requiring efficient power management and space-saving ...

Save space, flexible placement: Supports back-to-back installation, side output, and does not require pre-installed cable ducts/cable racks for battery cabinet installation, saving on site costs.

It offers seamless integration with various mainstream battery brands and technologies, providing flexibility and reliability. Ideal for projects requiring efficient power management and space ...

HOLDONE Energy Storage Cabinets are purpose-built to facilitate effective energy management and enhance the safety of battery storage systems. With robust construction and high-quality ...

The NEMA3R cabinet BESS with built-in HVAC/transformer/aux power is compatible with most lithium-ion battery systems based on 90-280Ah battery cell, with the newly released PWS2-30P bi ...

With advanced BMS intelligence for precise State of Charge (SoC) and State of Health (SoH) tracking, these battery cabinets simplify installation, reduce ...
