Is T&T launching a joint-venture battery storage project in Vietnam?

Notably, T&T Group, a major renewable investor with a portfolio of over 2,800MW across wind, solar, and LNG-to-power projects in Vietnam, recently announced a plan to launch joint-venture battery storage products in 2026, aiming to build Vietnam into a manufacturing and technology hub for renewable energy equipment. 5

Is Vietnam a key player in the global battery supply chain?

Vietnam has significant nickel and cobalt reserves, making the country well poised to become a key player in the global battery supply chain with government support and international cooperation.

Could Vietnam replace fixed feed-in tariffs with standardized auctions?

As global costs for solar, wind, and battery storage systems fall, Vietnam could replace fixed feed-in tariffs (FiTs) with standardized competitive auctions to procure clean energy at the lowest cost.

What are the grid connectivity requirements for power projects in Vietnam?

Connection to the Power Grid: Grid connectivity requirements for power projects in Vietnam are governed by Circular No. 05/2025/TT-BCT, issued by the MOIT. This circular sets out the technical requirements applicable to the electricity transmission and distribution systems.

With global costs for solar, wind, and battery storage systems continuing to fall, Vietnam could replace fixed FiTs with transparent auctions, enabling clean energy procurement at the lowest ...

Having been deeply engaged in the new energy sector for nearly 20 years, HELIST holds over 50 patents related to photovoltaic energy storage and has a R&D team of more than 20 people.

"Today's workshop has demonstrated the tremendous potential of energy storage systems in supporting a just energy transition, while also outlining concrete steps to turn ...

Electricity of Vietnam (EVN), Vietnam's state-owned power producer and supplier, invites bids by 15 December for the supply of electro-mechanical equipment for the 1200 MW ...

With global costs for solar, wind, and battery storage systems continuing to fall, Vietnam could replace fixed FiTs with transparent ...

Vietnam represents a promising market for German and European small and medium-sized enterprises (SMEs)
