What are cellblock battery storage cabinets?

CellBlock Battery Storage Cabinets are a superior solution for the safe storage of lithium-ion batteries and devices containing them. Our practical, durable cabinets are manufactured from aluminum, and lined with CellBlock's Fire Containment Panels.

Are battery storage cabinets safe?

Without the right separation, climate, and safety measures in place, storing batteries on-site poses a dormant but potentially expensive and devastating threat to your work environment. CellBlock Battery Storage Cabinets are a superior solution for the safe storage of lithium-ion batteries and devices containing them.

Should you store lithium-ion batteries on-site?

The dangers of improperly storing lithium-ion batteries have been well-documented over the past decade. Without the right separation, climate, and safety measures in place, storing batteries on-site poses a dormant but potentially expensive and devastating threat to your work environment.
