Who makes outdoor Telecom cabinets?

Since 1989, we've manufactured outdoor telecom cabinets in America's Heartland, providing telecommunications companies, utilities, and network operators with BABA-compliant solutions that protect critical equipment from the harshest environmental conditions.

Where are outdoor Telecom enclosures made?

Every outdoor telecom enclosure we manufacture is designed, fabricated, and assembled entirely in the USA. Our commitment to American manufacturing means you receive consistent quality, faster lead times, and complete Build America, Buy America (BABA) self-certification documentation with every order.

What is an outdoor telecom enclosure?

Our outdoor telecom enclosures support a wide range of telecommunications and infrastructure needs: Fiber Optic Networks: From compact fiber distribution units to high-capacity data center enclosures like the AP-Data with six slack frames, our cabinets manage dark-fiber volumes with organized cable management and secure slack storage.

What is an AP utility cabinet?

The AP Utility cabinet ensures wide-ranging indoor and outdoor functionality, including power distribution, fiber termination, telecommunications, security and surveillance, cellular backhaul, industrial controls, and CATV. Ready to protect your network infrastructure with American-made quality?

Our cabinets are built to withstand harsh weather conditions and provide excellent protection for power management systems, telecom base stations, energy ...
