Who is UAV mobile station?

UAV Mobile Station is proud to have worked with companies ranging from military contractors, county emergency services, state departments, and surveyors. UAV Mobile Stations, LLC was founded in 2015 with the idea of providing an affordable, environmentally controlled space to store equipment, fly, review and share data.

What is a multitenant outdoor cabinet?

Vikiner's multitenant outdoor cabinets enable multiple operators or equipment types to share the same protected infrastructure. Segmented internal layouts and isolated compartments ensure electrical and thermal separation, making them ideal for shared telecom or co-location sites. Get technical specifications and pricing tailored to your project.

How big can a UAV mobile station be?

Offering various sizes ranging from 14' to 32', UAV Mobile Stations can accommodate any amount of personnel and cargo. A UAV Mobile Station build always begins with the customer.

Do DJI docks withstand wind?

DJI Docks are built to withstand the elements, so you don't have to. The M30 Series Dock Version delivers flagship-level performance with maximum wind resistance of 12 m/s and an IP55 rating, from the Dock.

From live aerial reconnaissance to emergency response coordination, Mobile Drone Station Trailers provide a dynamic platform for managing UAV operations in dynamic and challenging conditions.
